

SHADOWSTRIKE™ TACTICAL BALLISTIC SUNGLASSES

Elite anti-fog ballistic sunglasses built from the ground up to U.S. military protection standards.

SHADOWSTRIKE SUNGLASSES have a sharp, geometrical wraparound design that provides unobstructed field-of-vision and ballistic protection for fast-paced tactical, special ops, and military operations. Angular frames and a tighter curvature give this line a distinctive look while maximizing protection – fitting squarely, securely, and comfortably at all times.

With optical-grade, polycarbonate lenses, ShadowStrike sunglasses provide the impact resistance Revision eyewear is known for, exceeding U.S. military eyewear ballistic requirements. ShadowStrike sunglasses feature a novel nosepiece mechanism that makes changing out the dual lenses quick and easy. And, this eyewear provides ultraviolet protection and has Revision's OcuMax Plus coating, preventing the close-fit sunglasses from fogging in the heat of the mission.

FIT SEAMLESSLY with various head systems, headborne equipment and comms systems

OCUMAX®
Anti-Fog Coating

Compact, **LOW PROFILE DESIGN** with unrestricted field-of-vision

High impact
INTERCHANGEABLE LENSES

SUPERIOR BALLISTIC PROTECTION exceeding U.S. Military Impact Requirements

Novel **NOSEPIECE MECHANISM** makes changing lenses quick and easy
