

The Gryphon Alpine Balaclava Sizing Guide

Protects in the most extreme environments, completely eliminating exposed skin.

Revision offers **TWO SIZES** for the **GRYPHON ALPINE BALACLAVA**, guaranteeing a fit that actually fits. This magnetically integrated balaclava seamlessly connects to the SnowHawk® cold weather goggle and the MerlinHawk™ goggle. The balaclava system offers 100% face coverage and breath-ability through mesh over mouth and nose which directs breath away from goggle. Operators can rely on the system's fog prevention for peak performance in cold climates without compromising protection.
